***“I doubt there’ll be
another audio revolution
so great, until we are
born with phono sockets
growing out of our
foreheads...”***

The Audio Press On Millennium Mk.II

***“The sheer fidelity of
the Millennium is
immediately superior to
any analog gear we have
ever heard, including the
best LP’s ! This was
probably the biggest
surprise during our first
listening session”***

***“The sound is absolutely
addictive, in many ways,
even better than
anything we have heard
so far.”***
